

## WINES BY CORAVIN

---

With a Coravin, the options are endless. We can now pour a glass of fine wine without pulling the cork, therefore not oxidising or contaminating the juice inside. This allows us to offer fine and rare wines by the glass, or even special parcels we have been lucky to get our hands on..

## BIN END LIST

---

Bin Ends can be your best wine friends! Originally 'bin ends' referred to the last few bottles in a wine cellar 'bin' (area where a wine was stored). We use it to mean some of our favourite wines which are sadly coming to an end of vintage. When they're gone they're gone and we are happy to give a discount in order to make room for the new vintage. Quality is assured on this great selection.
